**About Seattle Music Commission and Seattle City of Music Initiative**

The [City of Music 2020 Vision](#) launched in 2008 as an effort to celebrate, and grow, Seattle's music culture. Musicians, record labels, radio stations, clubs, festivals, and music-focused nonprofits, and civic organizations represent the variety of industry sectors that contribute to what makes Seattle such an iconic music city. This initiative strives to build a cohesive framework of support for this infrastructure and leverage it for growth and expansion.

The [Seattle Music Commission \(SMC\)](#) and the Office of Film + Music (OFM) work toward the realization of this Initiative by cultivating partnerships, developing programs, and facilitating connections between the community and the music industry to make Seattle a place where musicians can thrive, communities are strengthened, and music businesses flourish.
