DELIVERY ACCESS ROUTES

Once onsite, check in with security to receive a visitor's badge. Your vehicle will only be allowed on the loading dock during delivery. If you will be onsite longer than 30 minutes you must re-park your vehicle.

For summertime deliveries (May-September) you must schedule an elevator load in time. Arrive at the loading dock no less than 15 minutes prior to your elevator load in time to ensure enough time to unload and check in.

Please contact an event specialist for any questions regarding delivery.

Please note: You must be traveling southbound on 5th Avenue North to access the loading dock
